

Saguaro Astronomy Club's 40th Anniversary Dinner/Meeting/Celebration

Special Guest Speaker: Rogier Windhorst, from the School of Earth and Space Exploration at ASU

Rogier Windhorst's research is in astronomy, cosmology, galaxy formation and evolution, the cosmic dark ages and the epoch of First Light, and astronomical instrumentation. Since the early 1990's, his group at ASU has contributed significantly to unraveling the formation and evolution of distant galaxies with the Hubble Space Telescope, and the role that supermassive black holes and Active Galactic Nuclei have played in the process of galaxy assembly. He is one of the world's six Interdisciplinary Scientists for NASA's 6.5 meter James Webb Space Telescope (JWST) to be launched in 2018. His group at ASU plans to use JWST to map the epoch of First Light in detail.

Friday, October 6, 2017, 6:00 PM - 10:00 PM

**North Mountain Visitors Center
12950 N. 7th Street, Phoenix, AZ**

**Dinner: Provided by Garcia's Mexican Restaurant.
Also, SAC will provide water, iced tea & soft drinks.**

**"Will Call" Tickets available from SAC's Treasurer: \$20
(Tickets are required for the dinner.)**

**Mail a check paid to: "SAC" to Lori Prause,
8441 W. Foothill Dr, Peoria, AZ 85383**

**Or use Paypal at \$21 each. Paypal address: neverblue1@cox.net
Payment for all tickets must be received by FRIDAY, SEPTEMBER 29TH.**
